

## Young people are needed to be leaders in today's Church!

We had great success inspiring teens to be leaders last year. Our CLI program is designed to empower young adults to become leaders in their community, church, and society.

Encourage and inspire your students or parish youth entering their sophomore, junior or senior year of High School to participate in CLI. The Institute is a meaningful week-long overnight leadership experience that will unlock the potential of high school students to give back and influence others. It is designed to meet the needs of those who are leaders in high school or parish youth ministry by empowering them to be leaders in their Christian community and society.

# LEARN. GROW. PRAY. TOGETHER.

*A leadership program for teens*

# GROW IN FAITH & REALIZE YOUR TRUE POTENTIAL!

The goals of the CLI program are to empower young adults to become leaders in their school, church and community and to foster each participant's leadership potential.

To do so, learning is focused on:

- **Group dynamics**
- **Planning and decision-making**
- **The responsibilities that come with being a leader**

These critical skills are built through daily activities rooted in self-reflection, forming community and praying together.

**“Young people today need a place at the table in their local church. They need a voice and an opportunity to contribute.”**

- **Ron Thaler**, Pastoral Associate  
at Our Lady of Hope Parish
